

Code Name:

PROJECT X

A VECTREX ACADEMY GAME

Space is changed.

I feel it in the void.

I feel it in the depths.

I see it in the Sky.

The stars have faded.

The Signs,

**which at first were bright and clear,
have all but disappeared.**

A secret now,

that only fire can tell.

**Much that once was, is lost,
for none now live who remember.**

It all begins...

Soon!

On a Vectrex near you.
